I never took the time for skin care, even at 41 years of age. I used over the counter creams and covered up my face with make-up to hide any imperfections.

I read about Silk Peel and tried it and "wow" after just one Silk Peel, I can't believe the difference in my skin's appearance and feel! And that was just after one Silk Peel! Redness and pore sizes have diminished. Not knowing what to expect, I must say the feel of the peel was so relaxing!

Funny thing, that night after my Silk Peel, I needed to go to the store. I had never left home without make-up on and realized as I glanced in the mirror that I didn't need to wear make-up! Thanks to silk peel I have renewed confidence. I can't wait for more Silk Peels!

Lumiere Eye Cream

Lumiere Bio-Restorative Eye Cream is an advanced formulation packed with a unique blend of ingredients that target multiple eye area concerns. Neocutis PSP helps reduce fine lines and wrinkles by increasing the skin's firmness and thickness. This makes the skin less translucent, in turn minimizing the appearance of dark blood vessels under the skin that leads to under eye circles. Lumiere also contains caffeine to reduce fluid retention that leads to puffiness and soothing botanicals to calm stressed skin.
